Head of the Liftline

by Jim Edwards

It's a Wrap: The Moving Finger writes; and, having writ / Moves on: nor all your Piety and Wit / Shall lure it back to cancel half a line, / Nor all your tears wash out a Word of it.

That was Omar Khayyam's grandiloquent way of saying, "Another year down the tubes." Omar's words are appropriate now because, for better or worse, on April 30th another SCSC year becomes part of our history. This is my last written communiqué to you, since Merrel Smith will capably fill this space as your new President next month. Before I fade to black, however, I want to express my appreciation to those who worked to make this another successful year for SCSC and its members. My fellow officers, Stan Broniak, Susan Blome, Dave Stotz, Bill Bomberger, Marsha Lutz, and Pam Smith, each used his or her unique talents and many hours of their lives to fulfill the duties of each office and ensure everything ran smoothly. Likewise, those in appointed positions (*see list in column one*) gave us support that made our jobs easier. Members of the Board offered wisdom and guidance along the way. Dozens of others, from Trip and Activity Coordinators to Ambassadors gave of themselves to run our trips, activities, meetings, and happy hours. A gracious thanks to all of these volunteers. Finally, thanks to each of you, the membership, who responded with ideas, suggestions, reactions to activities and trips, etc. Your input adds detail to the map we use to set our course as we move forward.

This is who we are: At the end of each calendar year, we often spend some time analyzing who and where we are and make plans for the new year. Here's a view of SCSC (mine) as we end this chapter and begin another. The Millennium draws nigh, and as it does SCSC approaches its 35th anniversary of fun and frolic (1999). SCSC has grown much and matured as an organization over that time. From a small group of friends who just wanted to ski, SCSC has evolved into a large association of individuals with a multitude of interests. While the pursuit of the ultimate snow skiing experience and spreading the gospel of Ullr remain foundation upon which the club is based, we must adjust and adapt to the evolving needs and desires of our membership. Snowboarding is growing: Your choices today are 1) make friends with a boarder, 2) wait til your friends *become* boarders, or 3) become one yourself! In-line skating is hot, within SCSC and elsewhere: Got your own skates yet? I did! Hey, how about a dive into the Deep Blue. Or a few games of volleyball? Golf or tennis, anyone? Each of these activities has its fervent followers within our club. And, admit it, a number of you joined SCSC primarily for the social opportunities it offers. It's OK, we'll eventually convert you! Finally, after this much time, we have long-time members who are less active than they were, but maintain their membership for the friendships they've made.

So, how do we take such a multitude of disparate interests and make a cohesive (and fun) whole from it. First we keep our eyes on the goal. The club

Head of the Liftline

continued

is dedicated to the enjoyment, promotion, and growth of snow sports; it is our reason for existence and should remain the focus of the majority of our efforts. Second, *as much as is possible*, encourage and promote the other group activities our members find enjoyable. Remember that it is the synergy of individuals with varied ideas, interests, and perspectives which makes an organization vital. Be open minded to new or different ideas, and use our differences as building blocks, not as wrecking balls. Third, volunteer! Get involved, even if it is in a small way! Lastly, in order to keep your perspective on things, remember that the reason each of us joined was to have a good time. Let's make the most of the opportunities and the friendships that SCSC makes possible. That's what it's all about!

FROM THE SKI DESK

by Susan Blome

Thanks for the memories....

It's hard for me to believe that a year has actually passed since I became your VP of Trips. As I write this in early March, the baton is already passing to next year's VP of Trips, **Barb Ehrlich**, and we are beginning to make plans for the 98/99 ski season. As you read this, there is only one trip remaining on the 97/98 SCSC ski schedule – the TSC Summer Expedition to New Zealand – and, we've just returned from San Antonio and the TSC Annual Bid Meeting. So far, we've had fourteen successful trips with approximately 650 skiers. Yet before the 97/98 SCSC ski season is completely over, the TSC Trips for 98/99 have actually been decided!!! I wish I could tell you next year's TSC destinations, but I'll reserve that honor for Barb. This year has past so quickly.

Except for the TSC destinations, where will SCSC go next year?? A lot may depend on you It's our DOTs, TCs and ATCs who play an active role in helping insure our club has exciting and reasonably priced destinations for our members. The decisions as to "who" will be next year's DOTs, TCs, & ATCs will actually be completed by early May!! I encourage those of you who are interested in running a trip next year to let Barb know. I've been privileged this year to work with a very enthusiastic and dedicated group of volunteers and I know that Barb will be as lucky!!

Over the past year, I have enjoyed working with all the members of the Board of Directors, the Executive Committee, the DOTs (Barb & Eddie), our Race Director (Rob) and ALL the TCs and ATCs!! I believe this has been a TERRIFIC TEAM and a GREAT GROUP of volunteers to work with. I've been privileged to be a part of it!!

Many have asked me if I'm happy this year will be over.... I'm happy I won't have to worry about the VP of Publishing — Bill— patiently (*THANK YOU!!*) waiting for my article each month!!! But, actually being your VP of Trips has been a very challenging, growing, and rewarding experience for me. As I pass the baton to Barb, I welcome the new challenges that I will face in the future. I have recently accepted a new assignment at work and I know that the experience I have received from volunteering with SCSC will help me in any new challenge I face.

*My deepest gratitude goes to all the volunteers who have helped me along the way!! Special thanks goes to the Board, Ex-Com, DOTs, TCs & ATCs for a very successful year! The rewards of, volunteering are often hard to measure, but one of the extra rewards I've found are the friendships I have developed and grown throughout this year. *I know they will last long into the future!!!**

It's the dedication of our volunteers that makes this club great!!!

Thank you for the opportunity to serve as your VP of Trips!!!

Have a GREAT Ski Season in 98/99 and remember to THINK SNOW!!

V. P. PROGRAMS

by Stan Broniak

Welcome to the upcoming events for April & May. April's **Happy Hour** will be held at the Timber Wolf Pub on April 23rd in Rice Village, (713.261.1705). This is a great new location recommended by many of your fellow Space City members. Come out and meet your regular ski club friends and perhaps make some new ones!

To wet your appetite May's **Happy Hour** will be held at Club Spy located at 112 Travis @ Franklin, downtown, (713.228.0007). Yes, I know yet another new location for monthly "Thursday meetings".

April three exciting events, **Rock Climbing**, **Wine & Dine**, and **Brew U**. By popular demand, **Clay Vollmer** has again agreed to host this very popular event on April 15th. The indoor event offers first timers to the expert a fun evening of activity. If you can climb a ladder, you can climb many routes in the gym. Of course, there are many challenging routes as well. This is a lot of fun and a confidence booster. Contact Clay at 713.880.9340 for more info. The cost of this event is \$14.00.

Wine & Dine, hosted by **Connie Sutters** on April 18th at 7:30 PM will offer gourmet snacks, wine, special prizes, Jazz, and much much more. The location will be Clives, (previously the old Charlies 517). Cost of this event is \$28.00 and will be limited to 50 people. Contact Connie at 281.498.6671.

And if wine doesn't have your interest, select the **Brew U**, (University Brewing Company) event hosted by Nancy Gentzel on April 25th and May 9th. Cost of this event \$27.00. What more can you ask for from an event, drinking and competition. Four teams with 8 members each will brew their own brand of beer and design their beer label. Two weeks later on May 9th, we will return to bottle, cap, and label this "premium" beer. Prizes will awarded for best beer and best label.

May's Not To Miss Events: The second half of **Brew U**, a **Golf Tournament** hosted by **Ray Herndon**, the annual **SCSC Follies**, and the **Hill Country Hoe Down**, hosted by **Cassie Gittings**.

June's upcoming events include the **Family Camping Outing** at Lake Conroe, hosted by **Julie Raley**, and the **Opening Day of the Houston Comets** season hosted by **Joanne Fore**.

I hope you're having a great ski season, and look forward to seeing you at the next monthly and happy hour.

STEAMBOAT SPRINGS I

by Kathy Young

Dateline Steamboat/ Texas Ski Week 1998...

Steamboat's champagne powder was very much evident. We got eleven inches of snow on Tuesday, sixteen inches on Saturday and two to four inches every other day of the week. Seventy-nine diehard SCSC skiers were on hand to experience the "fluff stuff." The official sixty-four trip participants were joined in Steamboat by **John Burk**, one of the few proud owners of snow chains in Houston, wife **Nancy** and son, and their friends, **Nancy Barnes** and **John Swiggert**. **Mike Birowski** from Dallas joined the group. Seven SCSCers, **Carolyn Rolsten**, **Kevin** and **LiChing Bishop**, **Gary Werner**, **Jon Moss**, **Art Kelly**, and **Lynda Snyder** came with the Clear Lake club and joined us at Timber Run. Turncoats **Jerry** and **Peggy**

Montgomery showed up in the company of **Los Amigos**.

How did our intrepid group fare? Well, everyone, warned pretrip, managed to avoid the rare "Grabben Aspen" conifer. We are happy to announce that there are no incidents with trees to report. However, rumor has it that **Marvin Volz's** coffee can be just as hazardous and those frozen power bars eaten on slope can be detrimental to good dental health. Seriously, the only injury to a member of the group was minor. **Maria Alvarado** injured her knee. When asked if her knee hurt, she admitted that the real pain was her disappointment at having to cancel a scheduled trip to soak in the hot springs. **Heidi Heinrich** displayed signs of suffering from altitude sickness. She blames this for the fact that she can not tell her left from her right. Repeatedly she put her left ski on her right foot. Just when she thought she had the knack of it she announced to those riding the lift chair with her that while pointing to the left, she was going to turn right when she got off the lift.

The deep powder provided many a comic moment. **Rita Blasier** stuck both skis in the powder and had to dig out, take off her skis and then walk down the mountain because she could not manage to put back on her skis. **Leona Pleasant** will soon be offered a position on the ski patrol after having to dig husband **Neil Pleasant** out of deep powder. **Phyllis Reichel** and **Kathy Young** practiced synchronized skiing by execution of perfect simultaneous falls. Poor **Mitch Gaspard** was left for dead when **Tim Malone** took him down a black diamond slope on the first run of the first day and left him. Any guilt **Tim** felt about **Mitch's** misfortune disappeared later when **Tim** hooked up with the ladies. What a way to take out a rival!

Speaking of the ladies, **Jeff Sarff** found himself the lone male skiing with six ladies: **Cindy Overton**, **Kay McKeough**, **Carol Hudson**, **Phyllis Reichel**, **Kathy Young**, and **Heidi Heinrich**. Funny, **Jeff** stayed but kept trying to convince the girls that he really really did need to go find his wife

Some of the group loved skiing in the crud. **Stacey** and **J R Ronczy** tried snow boarding and reported that it is really great in powder conditions. Macho men, **Philip Vice**, **Jason Swartz**, **Jon Welkey**, and **Joe Broccoliere** skied all day with only a twenty-minute break for lunch although rumor has it that **Joe** and **Jon** wimped out and did take an additional bathroom break.

Linda Guice, skiing fantastically on new skis that she got for Christmas accused **Robert Clements** of bumping her as she got off

"Loft Ladies", **Cindy Overton**, **Kay McKeough**, and **Carol Hudson** did well in representing SCSC in closing the nightspots.

Barbara Geisecke was on the alert for fish and wild life slopeside so that she could write off her ski trip as a business expense. We think that she found the "wild life" part when left alone with condo-mate, **Mitch Gaspard** while their fellow condo-mates went on the sleigh ride dinner. What really happened, **Barbara**?

Enterprising ladies, **Brenda Soileau** and **Beverly Oberlin** have other ideas. They asked TC, **Kathy Young**, why she had an 800-phone number at work instead of a 900 number. Also unable to leave work at home, podiatrist, **Maynard Nussbaum**, performed surgery on condo-mate, **Chris Goll** the night before the NASTAR races. **Chris** may have a second career too. Their fellow condo-mates, **Judy Katany** and **Mike Ruck** like **Chris's** home made jerky so much that they want him to market it. The girl who really knows how to economize though is **Margaret Johnson**. She bought a new pair of ski boots from a local ski shop at the beginning of the trip, skied in them all week and then returned them on the last day with a sad story that they did not fit. Men of SCSC can truly appreciate a thrifty girl like her.

Speaking of thrifty, **Gary Haley**, now is the proud owner of a "purse" that he won at the TSC welcome party. No longer can he use the ploy that he doesn't carry any money on him to get others to foot the bill.

Fashion statement of Texas Ski Week award goes to classy lady, **Marcie Spalding** who showed up sporting an array of "to die for" ski wear and furs. Now, if we could just do something fashion-wise about her husband, **Ken**, but how could anyone compete with **Mitch Gaspard** in the fashion department? **Mitch** kept the group amused with a variety of crazy hats including a dual purpose hat which reportedly blasts trees out of your path as you ski. No one will have any problem finding **Jon Welkey** on the slopes. Just follow the smell of moth balls. We all know where he stores his ski apparel off season.

While on the subject of smells, twenty-three of our group went on a sleigh ride powered by methane gas.

Rick Kivch and **Jim Rinke** in the front row got to experience the exhaust first hand. You can bet that these two sat in the back on the return trip!. The sleigh ride included dinner and entertainment although the entertainment part was hardly necessary. **E J Boudreaux** showed us how to play the guitar Cajun-style. The wine flowed freely. Birthday girl, **Jeri Wilson**, celebrated with a cake. The Hokey-Pokey kept us going while desert was served. On the way home, **Joe Daleo** picked up his date for the evening, a real dog of the canine variety, when Smudge, owned by the sleigh ride manager, jumped up in the seat next to him. Was **Dennis Stockton** jealous?

the lift so they each would have an even number of falls for the day. **Nancy Sarff** won her first NASTAR metal and then to prove that it was not a freak occurrence won another medal the next day in the individual races. Soon joining **Nancy** on the women's downhill team will be beginner, **Fran Spitzberg**, who mastered the art of skiing parallel. **Fran's** companion, **Harold Kaminski**, was like the "Ever Ready Bunny." He just kept going and going and going down everything.

Some had other ideas about how to pass the time in snowy Steamboat. While daddy, **Chris Goll** practiced for the NASTAR races, young **Chris Goll** hooked up with a lovely Australian woman. Smart kid, those NASTAR metals just will not keep you as warm on a cold winter night! The

On race day, our race director, **Bruce Lowther**, had a difficult time getting everyone out to race because of the inclement weather conditions. Those who did race did very well though none of the times were as fast as **Róbert Reich**'s time back to the condo so as not to miss any of his condo-mates' juicy gossip. Those who did stay for the mountain picnic were treated to an extra thrill. Lunch served on frozen picnic tables "a la Marble Slab." When not chasing the plate as it slid around the icy surface of the table, one could eat potato salad that froze on contact with the plate. Fortunately, a nice warm party at the *Ore House* restaurant that evening more than compensated for the frozen lunch.

(continued on page 9)

STEAMBOAT SPRINGS I (Continued from page 7)

Finally, on Friday the sun came out in the morning providing for the best day of skiing of the entire trip.

About fifteen of us including **Ken and Marcie Spalding, Frank Reisenberg, Howard Schoenike, Chris Goll, Margaret Johnson, Maynard Nussbaum, and Heidi Heinrich** celebrated the return of the sun with a gourmet lunch at *Ragnars* at the gondola

The next day the blizzard returned with a vengeance. Our departure for awhile looked doubtful. Finally, the bus company sent four smaller vehicles because the large motor coach could not negotiate the driveway at Timber Run. Who knows where they found these busses. One of the busses had a steady leak that dripped so much water on **Beverly Roberts** that she had to put her coat over her head. Maybe she just did not want to be seen with us. Speaking of leaks, **Howard "Tiny Tank" Schoenike** was evidently so excited to depart that he made an entire bus load of people wait while he stopped to relieve himself at a road side rest stop. Pay back time for those of us who harassed **Howard** for having to stop came when our plane encountered turbulence on the return flight

Surely, everyone returned with some special memory of Ski Week 98. Only a small part of what happened is told here. It would probably take volumes of *Sitzmarkes* to relate everyone's experiences. My special thanks go to ATC's, **Marvin Volz**, and **Stacey Ronczy** and to Race Director, **Bruce Lowther** for all their efforts and to all the participants for making this trip a memorable one.

ASPEN (Continued from page 10)

did not look as if **Jimmy** was making much "face to mogul" contact as he claimed in our party conversations. **Mr. Willis**, christened the "shuss boomer" by members of the German racing team (**Erich, Helmut, and Martha Zenger; Kurt and Karin Schidlowski; Anna Litz**), was no slouch in the speed skiing department. Just ask him how much time it takes to get from the Sundek Restaurant to the bottom of Aspen mountain. Speaking of racing and speed, we are extremely proud of our NASTAR participants. They pulled in twelve medals. One gold went to **Kurt Schidlowski**. I thought I heard him tell the starter that he was 80! Four silvers to **Helmet Zenger, Anna Litz, Dale Allbritton, and Alan Bitzer**. **Helmut** was only 0.16 seconds from the gold. If only he would have taken his hat off to lower wind resistance!! Seven bronze to **Erich Zenger, Tom Hogle, Lou Kleinman, Cliff Aymes, Mary Kay Kitchens, Ann McIntyre, and Mike Willis**. A great time was had by all. Warning: be sure to wear dark glasses when near **Tom Hogle's** race outfit. Someone needs to contact the highway department - there's a better color available for barricade tape.

Rumor has it that **Philip Cezeaux** treated his roommates (**Mike Willis, Tom Sausley**) to a great breakfast every morning - freshly baked popovers. Trick is to determine which trips **Phil** will be taking next year, what recipe he will attempt to perfect, and how to get him as a roommate. Last but not least, the Lasagna dinner party was a huge success. We had 99% attendance and almost everyone asked for thirds! Thanks to **Evangeline** for a great job.

ASPEN IN JANUARY

If one listened intently, the call of the Snow Gods could be heard in late January. Forty of us heard and could no longer resist. On January 18, **Alan Bitzer** and **Evangeline Ressler** gathered their flock at IAH, preparing for the migration to Aspen. First to arrive were **Bill Simmons** and **Mary Kay Kitchens**. Others arrived, earlier than expected. We were not ready. The trainers said they would be late. As **Angela** and **Brian Kraushaar**, **Ann McIntyre**, **Gloria Rooney**, and others formed an ever growing line to check baggage, the instinctive calling within them could be seen - shifting weight from foot to foot, flexing knees, unconscious pole

plants - all could hear the calling.

Flying into Aspen via Denver went very smoothly. **Don Eckhardt** and **Patti Mengden** dropped off for a brief stay in Denver and rode the train to Aspen (actually a town close by) on Monday. **Don** said it was a fantastic ride if you weren't in a hurry. Ask him for details. Better yet, ask **Patti**, it sounded very romantic to me. We arrived at our condos, Chateau DuMont and Chateau ChauMont, with out a hitch. After renting equipment and settling a few minor items, we all settled down for a good night's rest. The Snow Gods would be gracious tomorrow. We were sure.

The first day of skiing was at Snowmass. High winds and hard packed snow dimmed our enthusiasm. However, the Snow Gods were very generous that night. Powder 10+" awaited us the next morning. It was a glorious day for all. **Kathleen Fowler**, **Jean Franks**, and **Donna Naskrent** headed for Buttermilk to sharpen their skills. Time well spent. **Kathleen** was seen on **Snowmass** later in the week cruising down the Blues like a pro. At the end of the day, we all met for wine and snacks at the condo for an old fashioned social, courtesy of SCSC. New members **Carrie Burns**, **Donna Naskrent**, **Jean Franks**, and **Tom Sausley** had the opportunity to mix with the experienced members and hear their stories of trips past. **Tom Hogle**, **Patti Richards**, and **Dale Allbritton** were all seen smiling during that social. Happy to see a new audience, no doubt. Of course, the wine contributed somewhat. You know, that boxed wine isn't bad. Now if they could only put Shiner Bock in a box!! Many thanks go out to **Evangeline Ressler**, **Kathleen Fowler**, and **Kevin Foster** for preparation of the h'ordourves.

Kevin Foster didn't waste any time in discovering the nightlife of Aspen. It is rumored that he partied till 6 AM with Ben Vereen and who knows what other stars on Monday night. In fact, it wasn't until Thursday, at the group picture, that I even saw **Kevin** in his ski outfit - and I was his roommate. First time I ever saw someone sleep through a person putting on ski clothing in the morning. Speaking of fun, **Evangeline's** reputation as one who enjoys the nightlife remains in tact. She was seen exhausted and ready for a marathon sleep one night. However, as the clock struck 9:30 PM at the Sheraton and George was firing up his red saxophone, who should appear but **Evangeline**, ready to rock!! The Energizer bunny has nothing on her.

As the week progressed, we scattered over the four mountains. A good time was being had by all. Twenty of us had the all mountain, all week, unlimited use NASTAR pass, and we made good use of it. Lots of medal came to Houston at the end of the week. **Joe Selle** won the gold on the Aspen Mountain track, as did **Alan Bitzer**. **Cliff Aymes** and his bud, **Lou Kleinman** were seen on many a NASTAR track during the week.

Although they claimed their abilities limited them to skiing the "Green", **Jimmy** and **Jill St. Clair** were observed easily navigating a mogul field on Aspen mountain by **Mike Willis** and **Alan Bitzer**. From their perch in the chair lift, it

TEN WAYS TO GET READY TO SKI

(or Why Some People do not Ski)

10. Visit your local butcher and pay \$30 to sit in the walk-in freezer for half an hour. Afterwards, burn two \$50 dollar bills to warm up.
9. Go to the nearest hockey rink and walk across the ice 20 times in your ski boots carrying two pairs of skis, accessory bag and poles. Pretend you are looking for your car.
8. For ski boot simulation at home, put a pebble in your street shoes and tighten a C-clamp around your toes.
7. Buy a pair of gloves and immediately throw one away.
6. Go to McDonald's and insist on paying \$6.50 for a hamburger. Be sure to wait in the longest line.
5. Clip a lift ticket to the zipper of your jacket and ride a motorcycle fast enough to make the ticket lacerate your face.
4. Drive slowly for five hours - anywhere - as long as it's in a snowstorm and you're following an 18 wheeler.
3. Fill a blender with ice, hit the pulse button and let the spray blast your face. You'd almost believe you're skiing in front of a snowmaker!
