SHORT TAKES FROM THE TOP

The '84-'85 **Ski Season** is just over the rise in the road. But before we top the hill, there are several exciting activities to pass along the way. For those folks who have been attending the **Happy Hours**—ain't they been fun!!!! Must have been sixty plus at Dan and Nicks. Special thanks to **Lynn Burch** and **Janie Dar** for setting them up. If you haven't been to a happy hour you are missing a good time and a great way to meet new people.

Speaking of Membership— we are lagging behind last year. If you know old members who haven't signed up grab 'em and get your friends to join—we have the room—at the present.

I was pleased to see the people at the **Bash** but disappointed that only 15% of the total membership decided to come out. Times have really changed when the membership won't come out for a good time and for only \$10.00.

While I am on the subject of participation—the **Cruise** is getting close to final payment. We had a

lot of people ask for one and Eric has gone out and put together a quality trip. So sign up before it is too late!

That's it from the top.
See you at the movies!

JUNE HAPPY HOUR AT DAN and NICK'S

MEMBERSHIP DRIVE '84-'85

by Tania Andrasko

Space City Ski Club's 20th Anniversary year is a very special time, and we are using this occasion to ask our members' participation in bringing your friends into the best ski club in Texas.

We're looking for fun, active people who either already love to ski, or who would love to learn to ski. People who will enjoy our special kind of friendliness, and people who will want to "get with it" and join in with our activities - both ski and non-ski.

To aid you in your search for new members, we have enclosed a membership form (*which you can Xerox for extras*) and the new SCSC information brochure. Most of the potential member's questions will be answered in the brochure, but for more information, you may use the officers' phone numbers listed in this issue of the **SitzMarke**.

Just remember - if you want your friends to have the advantage of receiving their September **Sitz-Marke** or coming to the September meeting to sign up for trips, get them signed up right away. And if you have more friends you'd like to have join you in SCSC, keep signing them up throughout the year and bring them into the fold.

SCSC has developed its present position as one of the most outstanding ski clubs in the nation by friends joining friends for the fun and camaraderie of the best of all winter sports. We have kept our organization going throughout our 20 years by encouraging new memberships and by getting those new members involved. So help us keep a great tradition going and use the enclosed membership form to get out there and recruit!

HOW YOUR SKI TRIP IS PLANNED

by Dick Howard

It won't be long now! In another month you will be "hitting the tables" at the September 10 meeting to sign for this coming season's ski trips ... an opportunity to learn to ski, to conquer that black slope, to meet that new love in your life. Whatever a Space City Ski trip means to you. Many of you have skied with the Club for many years and know what a great experience our trips can be. If you are a newer member of our Club, take the opportunity to find out why a Space City ski trip is the "only way to go." If you are curious as to how your Club can offer quality ski trips, why they are inexpensive, why you come back every year ... read on.

The most frequently asked question I hear: "Isn't putting together all those ski trips an awful lot of work?" Yes, it is. But I have lots of help. While you spent your summer sitting by the pool, sailing your boat, or taking a vacation, your TCs, ATCs and DOTs have been working very hard for you planning your ski trip. As you read this article much of the trip planning has already been completed and we can give you some highlights of the coming season in the accompanying trip preview articles in this issue.

Our other great source of help is you. Yes ... each year you return to fill up our trips, make the airplane departure (*well, usually*), help us pay our bills and as such establish SCSC's reputation as an enthusiastic, professional and extremely reliable operator of ski tours. When we say, in July, that we will bring 42 skiers to Big Sky the following March, we will, and the ski area and lodging properties can bank on it (*which is precisely what they want to do*). We can use our reputation for consistently bringing large numbers (*over 600 skiers this coming season*) to the slopes to obtain competitive air and lodging rates and favorable terms.

Speaking of numbers, another important factor in our ski trip planning is the emergence of the Texas Ski Council as your representative in dealing with the travel industry. Each March the Council solicits and receives bids from ski areas, airlines, bus companies, etc. for the four Texas Ski Weeks. In addition to Texas Ski Weeks, the industry representatives will make special prices available to each of the Councils' member clubs for their individual club trips. The ski industry recognizes that they can reach 19 separate ski clubs, and in excess of 60,000 skier days via association

with the TSC. This is where we begin planning your trip. The TSC sets the dates for Texas Ski Week trips and we use the proposals negotiated by the TSC to plan our trips. For example, Western, Aspen and Delta Airlines have again made bids to the TSC which we will use in some of our trips. In addition to the TSC, Space City negotiates directly with the airline industry to develop packages for our trips. We have met with Western, Delta, Continental, United, Frontier, Eastern, Southwest and US Air, and have negotiated some very attractive guaranteed airfares.

Your TC generally selects your lodging. It is the Club's policy to stay in the higher quality lodging properties. We have found that although you like cheap prices, that after you have paid your money, you don't want to stay in a dump for your vacation. Your TC tries to find lodging at a convenient location near the lifts, local transportation, night life, etc. In many areas, of course, there is a tradeoff ... the mountain vs. town, near the lifts vs. cost. Also we don't cram 8 people into a 2-bedroom condo with sofa beds, cots and hammocks. Yes, it's cheaper that way but we want you to be comfortable and have a bit of privacy. Other amenities such as a heated pool, hot tub, party room are also sought for your stay. Your TC does not necessarily look for the cheapest price, but selects the best choice of quality and amenities first and then tries to negotiate the best price.

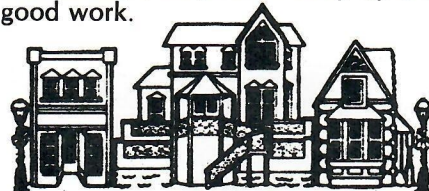

And finally, the other key feature of a Space City ski trip ... parties and lots of 'em. Pre-trip parties, post-trip parties, wine and cheese parties, mountain picnics, apres ski, western dances ... you name it, we'll try to plan it. Your TC and ATC will plan lots of activities but the special camaraderie that you develop with your fellow skiers is what sets our trips apart from the ordinary. Help keep that tradition alive ... meet your fellow skiers at the pre-trip party, invite a new friend to share some skiing, invite that shy fellow to dance.

The heart of this entire process is the Trip Coordinator and Assistant Trip Coordinator. Your TC has experienced many SCSC trips and has usually served the Club as an ATC or Activity Coordinator. Your ATC is an enthusiastic and active Club participant selected for his or her ability to help organize the trip. In addition to their experience, the TCs and ATCs attend numerous meetings,

training sessions, and budget reviews to prepare for the task of running their trips. They work closely with the two Directors of Trips, VP -Trips, and other experienced officers to assure a well-planned, smooth-running, financially sound trip. The TC and ATC work very hard for you and deserve your support and cooperation during the trip, plus a sincere thank you at its conclusion.

Is it possible for you to go skiing cheaper than with Space City? Frankly ... yes, if you want to stay in overcrowded, lower quality, remote lodging, and risk waiting for a few cheap seats to appear on the airline market. You will spend less money, but you won't have as much fun. Unfortunately, we can't wait until Christmas in hopes that 126 cheap airplane seats will appear to take you to Copper Mountain for Texas Ski Week - Traditional and promise you a price in September.

There you have it ... the secret to our success. We don't use magic, although we do have to work an occasional miracle. Hard work, 20 years of excellent reputation and sustained performance, the Texas Ski Council, devoted leaders, and, oh yes ... we don't make any money and most important, your enthusiastic participation. Keep up the good work.

COPPER MOUNTAIN II
January 6-12

A second wave of 42 SCSCers will invade Copper Mountain for Texas Ski Week II from Sunday, Jan. 6th thru Saturday, Jan. 12th, 1985. This trip will possibly be one of the most economical 6 days of skiing, activities, partying, and general fun to be available this year. Be sure that you are part of the fun.

Gordon Wise
ASPEN TRADITIONAL
January 19-26

By now you've tried all of the rest. Right? You've suffered long painful bus rides, no-show snow, streets that roll up at six, and small mountain boredom. Why not go first class this year? Go back to Aspen. After all, too much of a good thing is just right. The makings of great moments and memories will be there. All we need is fifty of your smiling faces. Come and experience the true definition of fun.

SCSC GOLF TOURNEY

BY Ted Bergeron

Group shot of most of the players - all would-be winners.

Question: What has three wheels, four legs, four arms, four chests and four balloons?

Answer: Beer wagon driven by Joe & Janie Dar.

The beer wagon seemed to be the most popular attraction at the First Annual SCSC Golf Tournament. By 10:00 a. m. the temperature was already up to 91°, and by noon the temperature rose to 97°. But golfers are a strange breed; nothing seems to deter them from their goal (whatever that may be). Forty-four golfers turned out for what was to be a fun-packed day despite the blistering heat.

As people started arriving at the World Houston Golf Club around 10:00 a. m., Joe and Janie Dar, Charla Merrel and Debbie Bergeron were decorating the two beer wagons with balloons and crepe paper, a necessity for any golf tournament.

Each participant was given three new golf balls and a handful of tees as they registered; if we had known Lynn Hammond was going to hit so many balls into the water, we would have given her a dozen balls! Well, we'll know better next time.

After a brief explanation of the tournament format and ground rules, it was time for the first group to tee off. For some, waiting to tee off was a nervous time, because of their lack of experience in the game. For example, Becky Hall should be given the award for bravery. She had never picked up a golf club in her life, but she gave it all she had and almost sank a birdie putt for her team on Hole No. 2.

Speaking of awards for bravery, Ron Noska should be given an award for "Most Brave Passenger in

a Golf Cart." On one hole, Ron's teammate, Edd Blackwood, looked up and saw Ron going down a hill by himself in a golf cart - riding in the passenger's seat. Where was the driver? Well, he was lying on the ground, with skid marks on his socks, from falling out of the cart after making a very sharp right turn. I guess Jerry Pyle never passed the Texas State Golf Cart Driving Test. I wonder if Jerry ever got those skid marks out of his socks?

Golf is a difficult game when played with golf clubs, but Graham Barnes really wanted to make it a challenge. When he took off from the first tee, he forgot to secure his golf bag to the cart, and left his clubs behind. (He must be pretty good with the old "foot wedge").

Jim Ellis and Terry Kaiser were seen negotiating side bets before they even finished Hole No. 3.

Glenn Bishop was seen fishing for his ball in the lake on Hole No. 11 - we wondered why he carried a tackle box in his golf bag.

Despite some of these humorous events, there was a lot of good golf played that day:

- On Hole No. 1, Tommy McDaniel drove to the fringe of the green and then chipped in for an Eagle 2 on the Par 4, 341 yard hole.

- Sherry Lewis made an Eagle putt for her team on Hole No. 5.

- Dave Kaufman sank a 50 foot putt on Hole No. 17.

- Debbie Bergeron, who had only played golf a few times before, sank a difficult 15 foot downhill breaking putt for Birdie on Hole No. 13 for her team.

After all 11 groups finished playing, everyone retired to the Big Top Tent for something cold to

drink and some shade. Once everyone was there, Mike Gerstenberger presided over the Awards Ceremony.

Winners of the two consolation prizes were:

-Jerry Pyle, who won a bucket and shovel for the most shots into the sand.

-Lynn Hammond, who won a rubber ducky float for the most shots into the water.

The winners of Closest to the Pin and Longest Drives were:

Longest Drive - Gerald Cothran - Hole No. 3 with a 345 yard drive to the 475 yard Par 5.

Closest to the Pin - Ted Bereron - Hole No. 9 with a shot 12 feet from the pin on the 185 yard Par 3.

Longest Drive - Dave Metzger - Hole No. 12 with a 305 yard drive to the 380 yard Par 4.

Closest to the Pin - Edgar Bering III - Hole No. 15 with a shot 9 feet from the pin on the 117 yard Par 3.

Each of the winners was given one dozen golf balls packaged in 7-Up cans donated by 7-Up Bottling Co.

Listed below is the official finish for the First Annual SCSC Golf Tournament:

•**First Place** - with a team score of 64 (8 under Par). Each player received a 1st Place Trophy:

I would like to thank the following people for their invaluable assistance in putting this tournament together.

- World Houston Golf Club for their patience, guidance and cooperation.

- Tom Gamble of Bob

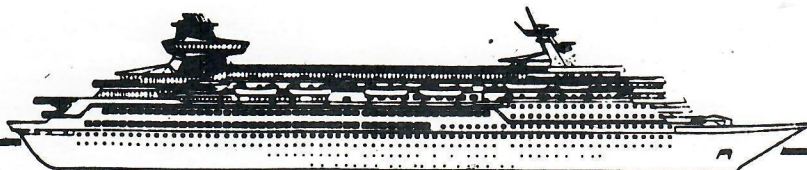

Aspromonti Coor's Distributors who donated 10 cases of beer for the tournament.

- Ms. Dale Frisby of 7-Up Bottling Co. who donated 10 cases of 7-Up products and 4 dozen golf balls to the tournament.

P. S. We had many requests to hold another tournament, so watch your SitzMarke for future information.

Please patronize our two co-sponsors, 7-Up and Coors, whenever possible because without their donations, our tournament could not have been so successful.
