"THE LONGEST DAY"

THINK SNOW AND FUEL

With the shortage of fuel and the shortage of snow in the Rockies, maybe we should have programs about surfing. However, you can enjoy a cold weather activity by joining us at the Ice Hauss in the Town and Country Shopping Center Tuesday night, January 22nd from 8:30 to 10:30. Wine cheese and ice skating will be provided for \$1.50. If you need to rent skates, there will be an additional .50¢. If you need any additional information call Trilby Wood at 627-4194 (office) or 781-7585 (home) or Jerry Kearby at 665-0362. Grab your date and come on. Almost all of us are rank beginners - don't be bashful.

Monday, January 14, 1974 will be our next meeting. We should hear some fantastic stories from the Xmas skiing and Alitalia Air Lines has a fine film called "The Longest Ski Day". Ruth Roy will again furnish the projector. Thanks.

Space City Ski Club has the best members of any ski club in the world, BUT we do have some members who need to ask themselves why they are members. Are you a member because you enjoy being associated with like-thinking and acting people who have joined together to have fun and companionship while skiing and have a blast when you are not on the slopes; or have you joined just to save a buck? We are A CLUB AND NOT A TRAVEL AGENCY! All of the officers and trip chairmen are members of the club who have volunteered their time (in bunches) in order to make this the best ski club anywhere. They deserve better

treatment than public abuse by a cursing out. Being drunk is no excuse to shout obscenities at the top of your lungs just because you are unhappy. Trip chairmen are volunteer members, who need your help and not your abuse. If you want to go skiing with a pro who makes his living by traveling, then go to a travel agency and curse away. Most of our trip chairmen have never run a trip (have you?) and are doing the best they know how. If you have been mistreated on a ski trip, come tell me about it and if you feel you need restitution, the executive committee will hear your case.

I have been cursed out via long distance because someone was unhappy (and drunk) but when the trip returned, that person failed to even discuss the problem that was so urgent at the time. I am going to do the best I can and so are the trip chairmen. Making an ass of yourself by shouting obscenities in public only gives the club a bad name.

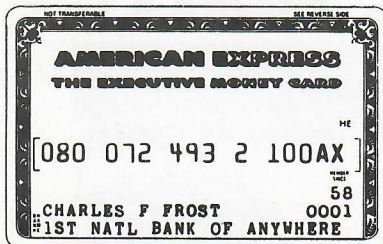

If you like Space City Ski Club and WANT to be a member, do something constructive. If you only want to save a buck and bitch a lot because you don't like the club . . . THEN GO SKI SOMEWHERE ELSE!!

We're on our way to Colorado, Utah and New Mexico. Ski along.

Texas International flies you to the big ski-port cities—Denver, Salt Lake City, and Albuquerque. Then you pick up ground or air transportation on to the deep snows and a fresh skiing adventure.

Go for one of Colorado's more than 30 major ski areas. Or tackle the world's finest powder runs in Utah. Maybe you prefer the intimate charm of New Mexico's ski villages.

You decide where you want to ski. Then start with Texas International. Call us or your travel agent for flight schedules and package plan information. And make your reservations early if you want to go for the season's best snow. If possible, consider some during-the-week trips to miss the crowds.

You'll look better on the slopes this year. And we're making our airline look better all along.

This ski trip is filling rapidly with only twelve places left, so hurry and send your \$180.00 now. The pre-trip party is planned for the middle of January. The details will be sent by mail. This trip would be a success if we only ski the many trails of Vail Mountain and swing through the quaint little village at its base. But with the extras provided by Lone Star Beer, this will be the smash ski trip of the year. Just think of all that beer and boiled shrimp to be enjoyed by everyone on the trip at Saturday night's awards bash. Then, the skiers participating in Saturday's race will be flashing down the mountain Sunday sportin their bright red ski jackets. It will look devastating if there are at least 30 or 40 of our red ski jackets in the lift lines and on the trails.

There will be many more activities than the ski race, so if you're not interested in the race, or just a beginner, you will still have a great skiing event on this trip. The appre' ski parties can be very interesting! So, do not delay - act now! For those of us who have procrastinated, a friendly word. The remainder of the trip's financing is due now (\$130.00 for those with deposits in.)

Five "trans only" slots remain available . . . and that is it. The trip's waiting list is lengthening quickly for several reasons: new membership interest, the "no-snow" conditions in other areas - and because it's a simply super trip. There are presently (as of December 13th) 19 people on the waiting list, which is not very long considering the time between now and departure, as well as the economic situation. Cancellations are inevitable, so if you're interested, call now to insure your priority slot. Waiting list individuals with deposits get first priority.

The Aspen "B" pre-trip party will be held **Thursday, January 24th at 7:30** at the Swiss Chalet - so please mark your calendar. All of you on the waiting list are also invited, in fact, please come! Because you never know! Details, pamphlets, etc. will be finalized and distributed at that time, as well as our just getting acquainted. Remember, Thursday, January 24th.

NOTE: Final payment date is January 21. Please forward your balance payment soon to avoid losing your reservation to someone else.

Now that the holidays are out of the way, it's time to concentrate on the season's super trip - BANFF. Snow conditions have been excellent since November, so think powder snow! Forty-four fortunate skiers will leave Houston on Friday, March 8th. We'll have seven full days of skiing, skating, touring, sledding, sightseeing,

dining, drinking and general merry-making in one of the most scenic areas anywhere. With all the natural beauty, atmosphere and nightlife to be enjoyed, it's hardly necessary to bring skis! Now for the bad news. We presently have over twenty people on the wait-list. Because of current air travel limitations, it is impossible to expand the trip. We'll be happy to sign you on the wait-list but can make no assurances of your getting on the trip. All of you on the trip, keep in shape; all of you on the wait-list, keep the faith and all the rest of you, eat your hearts out.

Spring skiing at its best - in VAIL! With the late arrival of snow this year, conditions promise to be terrific. Vail offers a variety of trails for every skier, from beginner to expert. Our luxurious Mountain Haus accommodations are within walking distance to the lifts, ski school and quaint Vail Village, with

its fine restaurants and various night spots. Weary skiers may prefer to take advantage of the fireplaces and fully equipped kitchens in the two and three bedroom condominiums. SNOWBIRD AT THANKSGIVING

By Sally Riggs

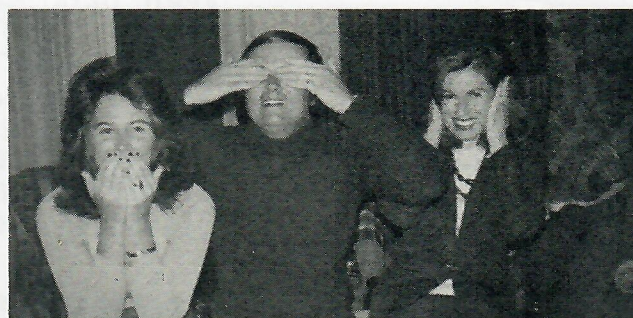

The snow in Utah was at Thanksgiving the "greatest snow in the U.S." although it might have been "the greatest snow on earth" as they claim. SCSC members skied at Alta, Snowbird, and Park City. Some found good beginner slopes and good looking ski instructors to go along with them; some found well groomed slopes at Park City, and some found "more challenging" ones at Snowbird; and some found warm cozy bars with fireplaces, hot buttered rum and good hot wines.

At Little America, we had a fondue party Friday night with cocktails and another cocktail party Saturday night. Everyone shared their amusing, exciting, and frustrating experiences.

Lynn Marchesi certainly had her share of bad luck but was surely a good sport. Dale Allbritton ran into and then skied with the well known Stein Erikson. The only injuries were Cecile Roeger and Mickey Stovall who are well on the road

to recovery by now. Our famous beginners Debbie Kein and Emily Frank are now pros. Tish Compton, Kay Wolters, and Don Eckhard monopolized the Pizza table in the bar at Park City while waiting for the bus . . . a common if not daily experience with the Snowbird Ski Patrol.

Jim Plummer and Roy Gowell had more fun on the airplane coming home than anyone -- ask them about this highlight of their trip.

A Space City Ski Clubber from Albany, New York?? That's quite a distance to commute for meetings, especially with the Energy Crisis. However, Doug Lonnstrom attended the December SCSC meeting and renewed old friendships with Space City skiers while he was on his vacation in Houston.

Doug lived in Houston from 1968 to 1971. He is an avid skier and joined the ski club when he moved to Houston from Albany. An active member in SCSC while he lived in Houston, he went on several ski trips with SCSC and served as the Assistant Trip Chairman on the 1970 Vail Thanksgiving trip.

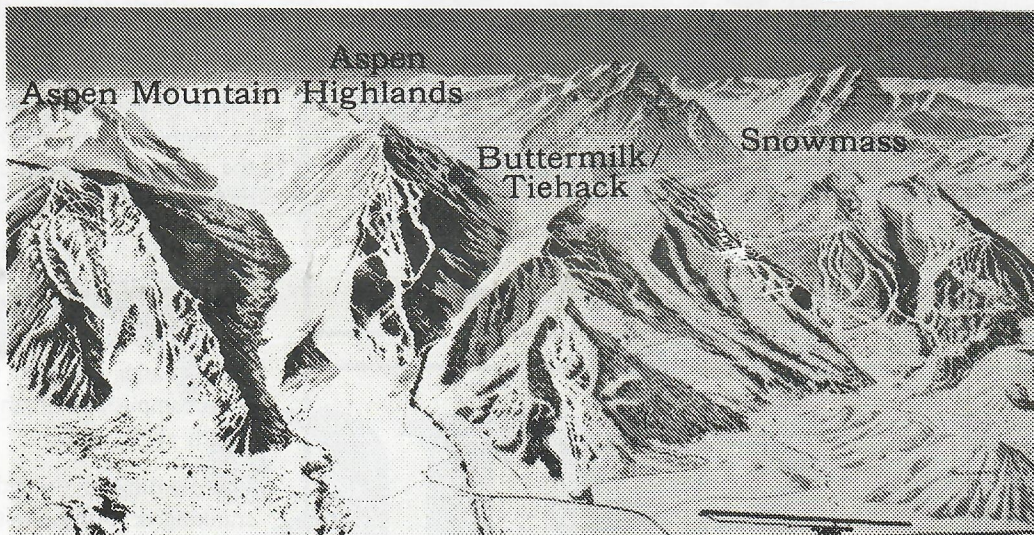

In Albany, Doug is in business for himself which allows him to have more flexibility and time to take off for his own recreational activities. He owns a motor hotel with 42 rooms, a restaurant, and a bar. Additionally, he has a 150 acre farm with a barn and stables where he boards quarterhorses. Doug hopes to start raising his own quarterhorses in the Spring. He feels this will be the next attraction in New York State soon since the state has recently passed legislation to allow quarterhorse racing. Incidentally, Doug first became interested in quarterhorses and racing quarterhorses when he saw the quarterhorse races at Evangeline Downs on one of the Club's No Snow Preakness Trips. Before Doug discovered the good life, he was successful in the field of economics. In Houston, he was the manager of the economics department of a major corporation. Prior to his days in Houston, he was on the Board of Directors for an economics consultant's firm and was known as an expert in rate matters for public utility companies. He has received honors for his work

in this field, being chosen for Who's Who In The East and Who's Who In Commerce and Industry. In Albany, he was also active in many community projects and even ran for City Council once.

Doug was educated in the East. He received his Bachelor's Degree at Drew University in New Jersey and his Master's at Siena College in Albany. He worked on his Doctorate at the State University in Albany and later taught economics at Siena College and the State University.

Doug's leisure hours are filled mostly with sports activities. He enjoys sailing and owns a two-man sailboat which he sails on Lake George in New York where he and a group of friends have a summer place. He enjoys bowling and belongs to both the Pinehaven Country Club where he plays golf and the University Club in Albany. Of course, much of his leisure time in the winter is devoted to skiing at areas such as Sugarbush and Mt. Stowe. He belongs to a group of 400 skiers in Albany who call themselves the Out of Control Ski Club.

Connie

Marty Sanford, one of SCSC's cross country skiers, may have to give up downhill skiing, due to a serious back operation that she had in November.

Since she is a big fan for cross country skiing, this is not so bad for our past trip chairman and past Public Relations Director, Marty.

Tom Summers has just returned from Aspen so we can ask him what the snow conditions are for skiing in Colorado And, be

on the lookout for Bobby Cairn's new book. It should be coming out in the near future. . . . Sunday, December 9th was John Sims' party which certainly instigated holiday cheer for SCSC members such as Dale Allbritton, Halene and Ron Crossman, Ron Rambin, Jim Smith and Judy Allen. The champagne was delightful.

Nancy

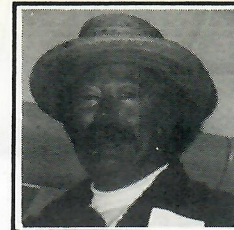

To continue with the spirit of Christmas, Cadre had its Annual Gourmet Dinner at Rudi's on December 2nd. Ray Lawrence, Jeanne Bridgeman, Bob Dickerson, Linda Harvey, Pat Hunter, Miles Anderson, Nina Davis, Tess Gillespie, John Potter, and

Sally

many others enjoyed this festive occasion. Wayne Ahrens and Layna Adams, our Steamboat Springs Trip Chairman and Assistant gave a pre-trip

party for the Steamboat Springs Christmas Trip, Wednesday, December 12th. Jean Merritt, Rachel Pabst, Jim Smith, Jim and Paula Tucker, Sue Phillips, Sandy Harris, Bob Sheridan, Merlin Harger, Jim Coyle and Marie Pye were seen enjoying the cheese fondue. Wayne Ahrens had his lovely financee there to help him with final details for this exciting trip. Charlie Brown says, "Happiness is . . . snow at Christmas and no more cancelled SCSC trips!!!" ski tips

By Ed Williams
Certified RMSIA
and PSIA

It is very difficult for a skier progressing from the beginning stage to intermediate stage to remember all the things one is supposed to do. For this reason, I try to give my students two or three exercises on skis which will give them the feeling that they are controlling the actions of the ski.

One important exercise is steering. Think of your feet and skis as if they were wheels. To turn, pivot your wheels (skis) in the direction you wish to turn and continue to pivot them throughout the entire radius of the turn. The skis should be relatively flat on the surface of the snow (no edging) to skid around in the turn.

You might try this on a pair of short skis just to get the feel of what happens. As you pick up speed, you will find steering becomes easier and you will be able to accomplish it on the proper length ski as well.

The pivoting of the skis should be a cranking or turning action from the knee and ankle acting simultaneously. Highly important is to continue the cranking throughout the entire turn. So many of you lose the turn as the ski crosses the fall line. If you relax the steering action as the ski crosses the fall line, the ski starts going straight down the hill, you panic and you fall down out of desperation.
