

# BEACH BASH 1997

by John Burk

The Beach Blast this year was much more of an indoor party than a beach party. The tide was very high on Bolivar Peninsula. There was not enough beach left to set up a volleyball net. It did not matter, because the rain came and went most of the weekend.

Not to have out spirits damped by a little rain, the party went on. The 4 very nice beach front houses were opened up Friday afternoon and the guests began arriving throughout the evening. Several groups of people went to the Stingeree restaurant for a fine seafood dinner.

After dinner, some (like **Gary & Sharon Sequera**, **Chip & Llona Doubet**) went back to their houses for a quiet early evening. Most of the group came back to the party house for Tattoo applications, Jello shots, and dancing. Some new members like **Linda Walters** and **John Marshal** really seemed to get into the activities. It was difficult to tell who ended up with the most Tattoo's, but **Susan Wicker**, **Carol Chedsey**, **Cecillia Wilenfeld**, and **Linda Walters**

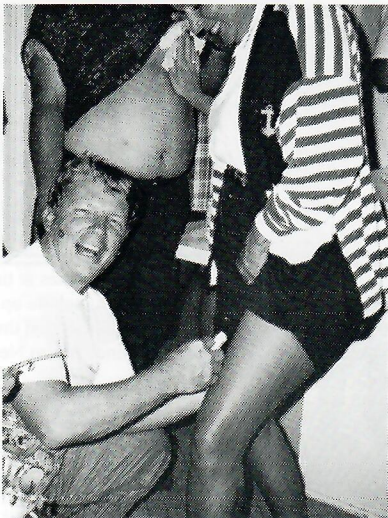

were all in the running. The guys like **Stephen Teoh**, **Gene Soo**, **John Burk**, **Jack Swiggert**, and **John Marshal** had their fair share of tattoos also. There were always plenty of Tattoo applicators available.

Saturday morning, **Tom Danowski** fixed gourmet breakfast tacos for everyone. Fine job sir.

After breakfast, the golfers, **Ed & Kay Cain**, **Concietta Rugiero**, **Ron Roscoe**, & **Tom Danowski** headed out to play, but the rains came back so they did too. **Stephen Teoh** and **Gene Soo** lead a group Moody Gardens for the day. **John Cook** led the drive to go to Sharky's where we shot pool and threw darts most of the afternoon.

Back to the houses for **Gary & Sharon Sequera's** famous cajon shrimp boil and zideco music. This is always the hit of the weekend. **Concietta** organized the games back at the party house where the deck orgy game of 3 years ago was resurrected. **John Marshaw** and **Marsha** won the game, but there was a lot for fun by all just practicing for the game. The weather cleared off a little so walks on the beach under the moon light was in for **Lee Swords**, **Sandy Cox**, **Mary Barnes**, **Nancy Burk**, **John Cook**, **Milt Lazerone**, **Carol Chedsey**, **Gunnar Heyne**, **Christine Riseley**, et. al.

**Susan Wicker** was in charge of SEX ON THE BEACH ( *the drink that is*). Most people enjoyed the sex on the beach without getting sandy.

The real partiers went back to Sharky's to dance the night away. **Gene Soo** was apparently the most desirable dance partner.

Sunday morning had a nice sunrise followed by rain, sun, rain, sun. Breakfast was brought in from the bakery up the road with plenty of good food for everyone.

By early afternoon most everyone left and the sun came out with beautiful skies.

Considering the weather was incompatible for most beach activities, the weekend still turned out to be a good time. This just goes to show that a good group of people will always find a way to have a good time.
